

Dear Historical Society

I really enjoyed the field trip but my favorite was your museum. I knew once I walked in I was going to like it abt because I love the Pasts history. So thank you for doing Mammoth and Mastondon. When I felt the Mastondon tooth it was feally rough. When I felt the mammoth tooth it was curvy. Then you said come back and see a real tooth I knew I was coming and I did the very next day. I'm so glad I got to go there and thank you very much for letting me come. Also thank you for setting the whole thing up for us to enjoy.

P.S. The sloth and Sabertooth where cool too.

Dear Historical Society Members,
Thank you for all the

I told the Texas Trivia
to my mom and she
got them all correct! I
am not the only one who
loves the ball and cup game
either, my brother loves it!
Speaking of which me and
my brother can't stop
playing the ball and cup!
Thank you for gift by the

muesem! I had a lot of
